

The Great Fete – What a Day!

A huge thanks goes out to all our families for helping to make our very first fete such a success.

There were so many ways in which people contributed to the day – volunteering on stalls, baking, creating, donating goods for sale or for use on the day, and more. So many of our families contributed in various ways and it was overwhelmingly successful in strengthening our sense of community. Our school and our students shone on the day and our visitors were so impressed with all aspects of our school community.

After hundreds of hours of planning and work in the past 5 months, the fete has come and gone in the blink of an eye!

A full-scale fete was a huge gamble at a school of this size. We had nothing to gauge whether it would be successful, how many people might turn up, or how to organise a fete. There was no experience amongst the fete committee, but we did have enthusiasm, commitment, the drive to succeed and some great ideas. By the time the gates opened, we also had some firm new friendships, forged through

hard work, excitement at our little milestones along the way, late nights, pizza and the occasional glass of wine. For all the new grey hairs on our heads, being part of this committee was extraordinarily rewarding and so much fun!

If you are able to join us as part of the greater P&C committee or our subcommittees (grants committee and the temporarily-disbanded Fete committee), please do so. It is a great way to meet new people and is really rewarding!

Accounts are still being finalised but we will have a total profit figure to share very soon!
