Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

Initiative 1: Reading

Strategies implemented include:

- Collecting, recording and analysing data for all students
- Monitoring students' performances against DDSW Benchmarks twice yearly
- Consistent, individual goal setting processes across all classes
- Targeted intervention for individuals and small groups using the Multi Lit Program
- Engagement of a lead teacher to audit current policies and practices and to build capacity with classroom teachers
- Professional development for all staff by utilising the online modules with reference to the Explicit Teaching of Reading.
- Focused observation and feedback around Explicit Instruction as it relates to the teaching of Reading.

Initiative 2: STEM

- Purchase of Bee Bots Robotics resources to support the introduction of simple programming and coding to early years students
- Purchase of laptops and software to support middle years students engaging in beginning coding activities
- Professional development for two key staff members to increase capacity in the explicit teaching of coding and robotics.
